

There will be no Catholic Church service in Palmer Sunday the 17th.

Father Sulzman will leave for Anchorage Saturday to officiate at the funeral of Frank Gleason in the absence of Father Flanagan, now on his regular monthly visit to Seward.

No change in location or hours has been announced by the other local churches.

Corporation officials have sent two of the two hundred ranges used here this summer back to the firm from whom they were purchased, with a protest as to price compared with quality.

As soon as an adjustment is made a local selling price will be established and announced in the PIONEER. This will be of interest to the many women considering them for laundry use.
