

LEGION MEETING DATES
ARE PERMANENTLY ESTABLISHED

The second and fourth Tuesdays of each month have been set as the evenings on which the Matanuska Valley Post No. 15 will hold their meetings.

The last named will be the more important assembly for the veterans and every effort is being made to establish some sort of permanent transportation for these nights.

It is at the second meeting of the month that most of the important business of the organization will be transacted, and it is on these evenings that the auxiliary will meet.

On the second Tuesdays it will be more or less up to the member to get in as best he may, transportation being too expensive and too much of a problem to guarantee it more than once a month.

At the meeting after the dance and installation of officers at Matanuska it was decided to get a permanent home for the post as soon as possible.

Through an oversight in the reporting of Matanuska affair, thanks to Leo Koslosky for a basket of foodstuffs for the luncheon was overlooked. The post members also wish to thank the ladies who lent their services to matter of seeing that all got something to eat.

The next meeting of the post will be held at Rev. Bingle's home at eight o'clock, Tuesday, Dec. 10.

George Sanderson the plumber is looking for a 30:06 rifle, A good price for a good gun?

Frank Swanda of Tract 70 has a baby's crib with brand new mattress for sale. White enamel, lifting side. Eight dollars.

Ed Herman at the power house is looking for three skat players.

Fred Martin, who cuts all those tough steaks for the mess, came in late the other morning and got it hot and heavy from Halloran, the steward.

"Where have you been?" demanded the boss.

"Believe it or not I was riding all night on a street car."

Imagine Pat's surprise when the geed-up butcher produced a car transfer to prove his statement.

Francis Henry of Tract 104 came in the other day with a bouquet of pussy willows in full bloom. Who says this is the ice bound Arctic?

"Bellowing Bill" Taylor asks the women folks to please be careful about throwing coffee grounds and wash water full of lint into their sinks. Three times in one week he investigated supposedly frozen drains only to find that they were plugged up at the bent gooseneck underneath the sink.
