April 16, 1936

CUPID ON THE JOB

Luther (Oakey) Weeda of Fort's Drug Store is on the way in with his new bride. Welcome back, Oakey.

We weren't so far wrong on that Morley-Hayes affair, either. The popular young couple were married last week in a quiet ceremony at the home of the bride. Reverend Felling officiated.

Someone started a rumor, but personally we take no stock in it. At any rate they say at the accounting office that they have no near-rooms in the outfit unless it might be Ray Hair, and he wasn't involved in this. And the school teachers do not know anything about losing another of their staff. ***

ADVENTIST CHURCH IS DEDICATED

At a 2 day convention the Seventh Day Adventists of Palmer dedicated their new, debt free, log church on Sunday. It is the first church of the valley to be used exclusively for church purposes.

Pastor and Mrs. F. J. Jackson, local evangelists, conducted the convention following their radio Bible discussions over KFDC for the past 5 months. During this campaign the Company of 5 has increased to 20 adults.

A beautiful musical service was conducted at the dedication and a full group of officers was elected.

Mr. Jackson will remain as pastor of the organization and with the help of his wife will conduct a similar 2 day convention at Anchorage over the coming week end.

-------------------------------
